

MBMG

Montana Bureau of Mines and Geology

2026 Seminar Mini Series

Butte Histories

with

Joe Griffin, John Dilles, Kyle Eastman, James Madison,
Paul Bartos, and Virginia Gillerman

Save the Date

February 26th

Joe Griffin

Part 1—The Geography of Mining
History, Mine Infrastructure, and
Remediation

March 26th

Kyle Eastman

Using Sphalerite to Map and
Understand Main Stage Mineralization
of the Butte Stock

April TBD

Paul Bartos

Comparison of Gold-Rich and Gold-
Poor Quartz-Base Metal Veins of the
Western San Juan Mountains, Colorado

March 5th

John Dilles

The Geologic History and Formation
of Porphyry Deposits, with a Special
Focus on the Butte Stock

April 2nd

Joe Griffin and James Madison

Part 2—The Geography of Mine
History, Mine Infrastructure,
and Remediation

April TBD

Virginia Gillerman

Geologic Setting and Timeline of
Mineralization at the Stibnite Gold-
Antimony Deposit, Valley,
County, Idaho
